

CODE OF CONDUCT

Welcome to the OFI CUP, one of our most anticipated and beloved events! We are thrilled to see so many football enthusiasts from every corner of OFI coming together in Sweden to celebrate this fun game!

Our goal is to create an event that shows the competitive spirit synonymous with OFI, while at the same time enjoying the company of old and new friends. We envision a gathering filled with joy, camaraderie, and the thrill of victory, as well as the acceptance of defeat.

How can you contribute to make this the best weekend ever?

It's simple! Familiarize yourself with the Guiding Principles, Golden Rules and the Sanction cards and ensure your conduct reflects these values throughout the competition.

FAIR PLAY DEFINES THE SPIRIT OF SPORT AND CREATES TRUE CHAMPIONS.

The principles are clear and simple. They can mean the difference between a successful, celebratory event and one ending in injury and a long recovery. These principles are likely to be familiar, as they come from our daily values and guiding principles.

Let's make this event one that is centered on caring competitiveness! Dare to Care!

Guiding Principles

Respect

Fair Play requires unconditional respect for opponents, fellow players, referees and everybody else involved.

Team Spirit

We can be strong on our own, but we are much stronger in a team.

Tolerance

The willingness to accept behaviour or decisions you may not agree with develops your self-control.

Fair Play

Triumph must be measured by absolute fair means, honesty and just play.

Integrity

Being honest and having strong moral principles are essential to fair play.

Care

Champions care for others as they know they were cared for to get where they are.

Golden Rules

Do

- Make sure you are in good shape before the competition
- Warm up before the match. Stay hydrated to prevent muscle cramps
